

FOL is an organization that has so much to offer our community – and much to offer you as a volunteer, too. We have always been fortunate to have outstanding support for our programs from our delightful cadre of volunteers; the adage is true that we could not possibly do what we do without those of you who continue to lend your helping hands. Thank you to our truly outstanding volunteers!

As is true for any organization that serves such diverse needs, the FOL is always looking for opportunities to do ever more - from new advocacy initiatives to increasing the effectiveness of programs we have been leading for decades. If you have not participated in the past, our door is always open to you to become an active FOL volunteer. Please take a moment to see the many ways you can make a difference – and hop on board.

Whether you support FOL for just a few hours a month or a few hours a year, you could be having a great time as a FOL volunteer....
